When it comes to a matter of contexts that concern the human being, scientists can never think that they are merely dealing with inanimate and manipulable matter. In fact, the very first instant of a human being's life is characterized by the fact that it is *human life* and for this reason possesses its own dignity everywhere and in spite of all. **Pope Benedict XVI, message to the pontifical Academy for Life (February 13, 2010)**

**Annual Pentecost Collection – Next Weekend** Most priests of the diocese work long after the retirement age of seventy-five. They continue to help in parishes by celebrating mass, hearing confessions, and providing a wonderful priestly presence for God's people. The annual Pentecost Collection provides funds for their salary, health care, and other needs that they may have. It also supports portions of the permanent diaconate program, of which 23 men will be ordained on May 22. Please be generous with your donation.

**Secular Franciscan Order** is looking for new members, call Jean Pulaski at 339-0751 or Judy Surak at 644-1042 if you are interested. Next meeting, Tues., May 25, 7:00 p.m. in the Mother Cabrini Prayer Garden for the recitation of the rosary (weather permitting.)
